

INVITATION TO LEARN

how schools can receive support for implementation.

BECOME A CEC COHORT

More than 35 schools

CEC Cohorts are groups of 35 or more schools from a regional area that are working with their system to bring deep learning to their students but support to ensure high quality implementation.

Overview

CEC is working in close partnership with NPDL in a coordinated effort to offer additional support to schools participating in NPDL through cohorts.

CEC Cohort Benefits

- Provides schools with a regional coordinator to support implementation
- Offers opportunities to learn from other schools on the NPDL journey
- Provides access to a CEC team of experts in implementing systemic change
- Access to regional network meetings three times each year
- Ability to participate in support webinars
- Deep connection with the Teacher Union Reform Network (TURN)

Cohort Participation Fee

Schools will pay \$5,000 per school (\$10,000 total during the two-year program)

- \$2,000 provided to NPDL per year
- \$3,000 provided to CEC per year

What do CEC Cohorts do?

CEC cohorts provide dedicated face-to-face support as schools work to implement NPDL. System change is difficult work that in most cases requires outside assistance to build capacity. CEC's approach is based upon working together to achieve success through labor-management collaboration. That foundation will be the basis for the support provided to cohort schools.

What is expected of CEC Cohort Schools?

- Select a district labor-management team to support the work
- Select a school labor-management team to support and implement the work
- Participate in regional TURN events
- Agree to a 2-year commitment with CEC to partner in this work (letter of agreement)

CEC Cohort Schedule

CEC plans a robust support schedule for schools on the NPDL journey that is outlined below.

Year 1

Quarter 1

- CEC support webinars as needed to follow up to the NPDL 2-Day Leadership Training

Quarter 2

- CEC Cohort Learning Lab (1 day in the region)
- CEC support webinars as needed

Quarter 3

- On-site consultant provides coaching support
- CEC support webinars as needed

Quarter 4

- NPDL International Conference

Summer

- CEC National TURN Conference (1-2 days) with a NPDL track.

Year 2

Quarter 1

- CEC support webinars as needed

Quarter 2

- CEC Cohort Learning Lab (1 day in the region)
- CEC support webinars as needed

Quarter 3

- On-site consultant provides coaching and other supports to schools
- CEC support webinars as needed

Quarter 4

- NPDL International Conference

Summer

- CEC National TURN Conference (1-2 days) with a NPDL track.
