

# Structured Literacy Course

**Empower Educators. Transform Literacy Instruction.**

This course, developed by Catalyst for Educational Change, equips educators with evidence-based strategies rooted in the Science of Reading. Participants will explore clear and practical methods to cultivate the essential components of literacy, such as decoding, comprehension, and fluency, while also fostering meaningful connections between reading and writing. By enhancing teaching practices, this course guarantees that every student acquires the skills and confidence needed to thrive as a lifelong reader.

Foundations of  
Structured  
Literacy

Module 1

Phonological  
Awareness,  
Phonics, and Word  
Study

Module 2

Fluency and  
Vocabulary

Module 3

Comprehension  
and Writing

Module 4

Assessment and  
Differentiation

Module 5

Implementation  
and Practice

Module 6

**For Every Educator.**

- ▶ Classroom teachers
- ▶ Interventionists
- ▶ Instructional coaches
- ▶ School leaders

**Flexible for Every School**

- ▶ Purchase all six modules for a complete series
- ▶ Mix and match individual modules to fit your school's needs
